## **Specialised Temenos T24 Recruitment: Expertise in Projects and Key Roles**

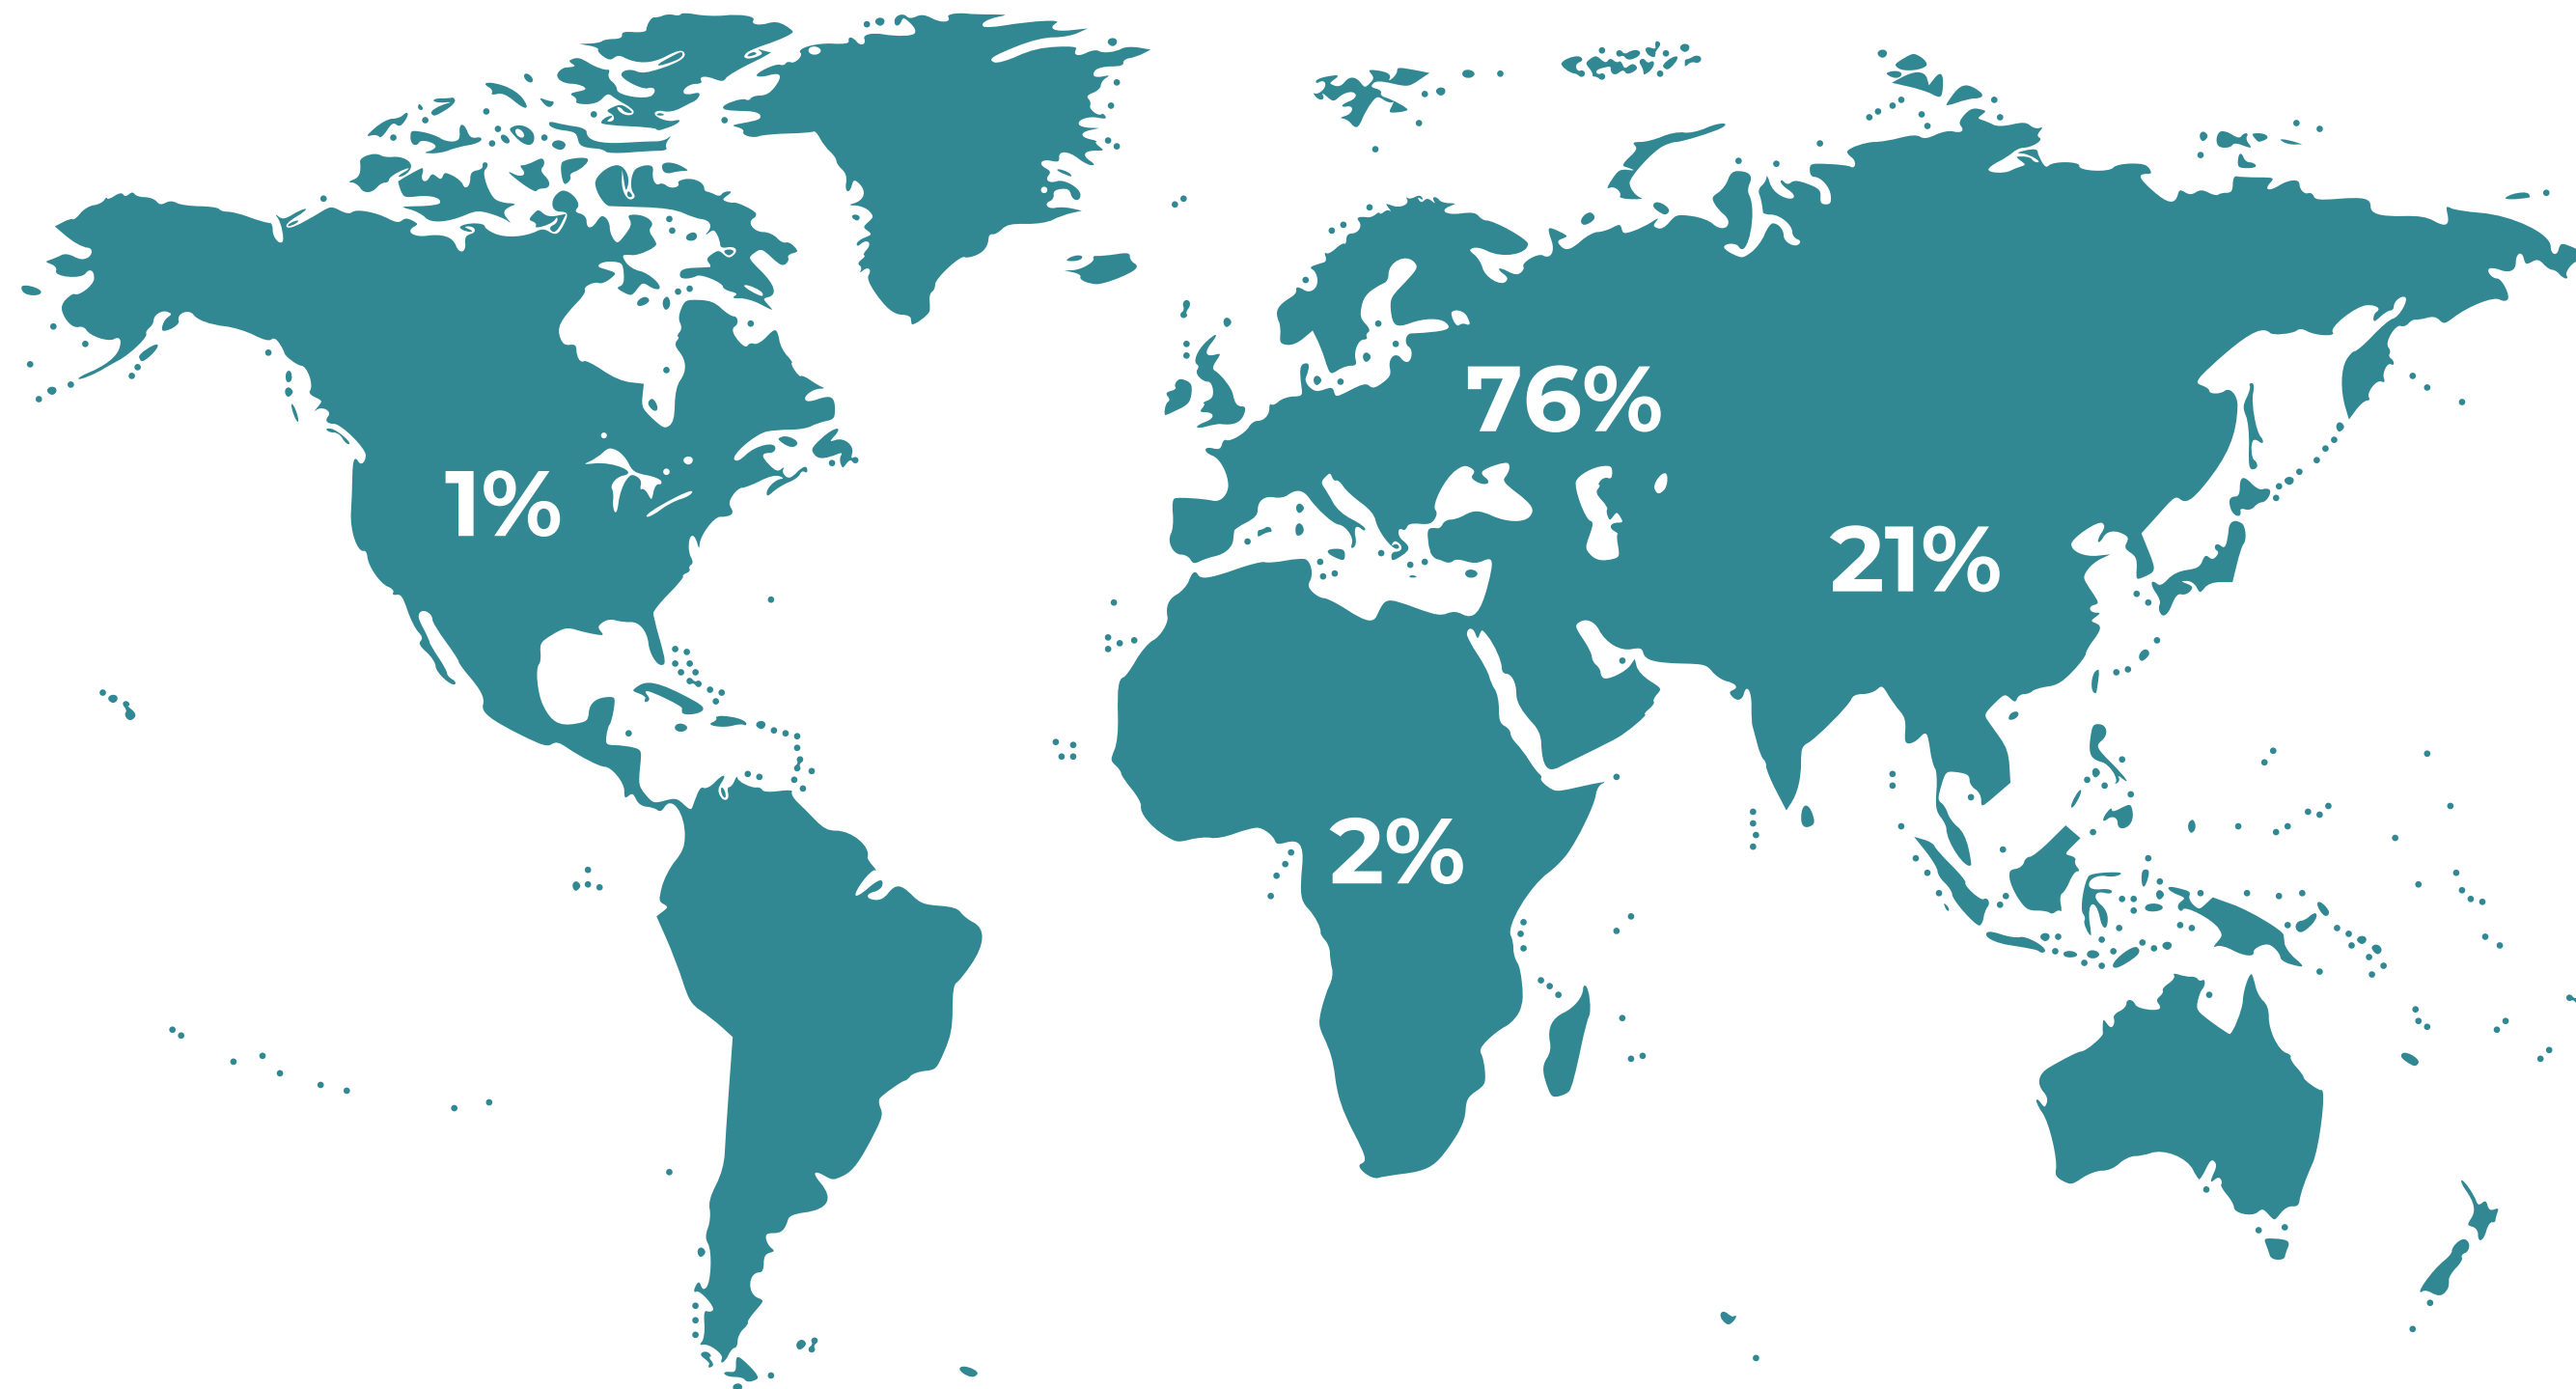

For 18 years, we've enhanced client efficiency by providing tailored Temenos T24 specialists.

Our expertise covers all Temenos projects, including upgrades, implementations, integrations, migrations, and BAU.

Our expertise spans key roles such as Triple-A Consultant, T24 Business Analyst, T24 Architect, and more.

Our candidates have successfully implemented Temenos T24 in numerous banks, improving customer experience through mobile apps, secure online portals, and streamlined onboarding.

# Skillfinder Temenos - Placement History

80+ Placements with 35 different clients worldwide.

## Temenos Project Support

We support our clients at all stages of the project, from pre-implementation analysis to post-launch support.

The support we have provided has allowed some of the Big 4 consultancies to present the highest-level SME for their global project pitches.

Our support has covered critical API integrations for clients requiring fluent speakers of region-specific languages including Spanish, French and German.

# Success Stories

- Supported a Swiss private bank in enhancing digital client communication and reporting with Temenos T24 by providing a Business Analyst to streamline client output processes (statements, reports) and support the Software Development Life Cycle (SDLC).
- Placed a T24 Oracle DBA for a global financial institution in Europe to strengthen core banking infrastructure through reliable, high-performance database operations.
- Sourced a specialist for a Luxembourg-based financial institution to optimise T24 application environment operations, focusing on performance, security, and third-party integrations.
- In 12 months, we placed nine technical and functional T24 consultants for a Temenos T24 R22 re-implementation project in Geneva, supporting a team of approximately 50 professionals. This successful collaboration ensured a seamless transition and effective implementation of the new system.

## **Extensive Network Developed Over Many Years**

Leveraging a well-established network to provide immediate access to top talent worldwide, built on strong relationships and industry expertise.

# Testimonials

- “ Recruiting core banking professionals with the right skillset has always been a challenging and time-consuming process, at least that had always been the case until working with Skillfinder. After some discussion, Skillfinder was able to provide an impressive shortlist of high-quality, qualified, candidates. Thanks to Skillfinder, what is usually an arduous and unfruitful endeavour turned out to be a straightforward and successful engagement. ”

## MANAGER & CORE BANKING SOLUTIONS ARCHITECT

- “ I can highly recommend Dawid as a recruitment consultant. He worked tirelessly throughout the entire recruitment process to ensure the best outcome for all. I appreciated that he was always quick to respond to questions and queries and provided regular updates. We worked together on what I would describe as a difficult negotiation which involved a lot of back and forth. David showed himself to be the utmost professional throughout the entire process, in the end, he helped me to secure the position I wanted and I would not hesitate to work with him again in the future. ”

## CONSULTANT ETF OPERATIONS - NORTHERN TRUST

- “ Skillfinder has been great to work with. They understand our requirements well and always send over strong candidates with relevant experiences, making the selection process much simpler, as well as being prompt with communications. A very professional company would highly recommend. ”
