

For over 15 years, we have been at the forefront of IT recruitment in Luxembourg, connecting businesses with exceptional talent and helping them build high-performing teams.

With over 400 successful placements since 2008 in Luxembourg, our track record speaks to our expertise and dedication to delivering the best outcomes for our clients.

Results That Make an Impact

400+ Roles Filled From software engineers and IT architects to project managers and security specialists, we've placed a wide range of IT professionals across Luxembourg.

For the second quarter in a row, we've been named the No.1 supplier to the Luxembourg office of a global custodian bank.

No. 1 supplier in Luxembourg

20 + Repeat Clients 20+ Repeat Clients: Long-standing partnerships with leading organisations, built on trust and consistent delivery.

How We Ensure Excellence

Our recruitment process is designed to make hiring seamless and effective:

3:2:1

For every **3 CVs**, we aim to secure at least **2 interviews** and deliver **1 placement**, ensuring a streamlined process and a high success rate.

Thorough Screening: Each candidate undergoes rigorous vetting to ensure they meet both technical and cultural requirements. By the time their profile reaches you, they are fully committed and ready to deliver.

**Face to face
screening**

**2 week
Time-to-
fill**

We aim to fill roles quickly and efficiently, with urgent placements completed in as little as 48 hrs.

"Skillfinder is one of our top and most trusted suppliers. Their candidate quality is superb and their strong communication is what makes them so reliable and easy to work with."
